Motech Power Division was the first professional PV system installer in Taiwan to build a high-quality, high-performance solar photovoltaic system.

Motech is dedicated to the development of PV systems.

More than 500 cases had been installed in Taiwan and worldwide. Motech will continue promoting and implementing solar power, aim to create a sustainable environment for future generation.

Professional solar system consulting, designing, engineering, and construction service

- Team member from PV supply chains
- Professional EPC and O&M service
- Built best performance PV system equipment

Comprehensive after service

Construction project management

- Professional construction scheduling control
- High efficient team of O&M

PV system design and engineering

- Earth quake resistance
- Strong wind resistance
- Salt mist resistance
- Corrosion resistance
- Obey with national safety regulations

Real-time and online systems of electricity generation monitor and control

- On-line monitoring system of electricity generation
- Immediate repair fault and abnormality
